Lovely & Luxurious

This has become an essential part of my evening routine. I put on about 5 drops every night before bed. It has a luxurious, silky consistency, nice warm tone, and lovely scent. Definitely helps promote hydrated, healthy, radiant skin. As a bonus, the bottle and packaging is absolutely gorgeous!!

One of the reasons why I bought the LaCoéss facial oil was because my skin had gotten dry due to use retinol, and a YouTuber said this face oil worked so wonderful when pairing with retinol products. I have an acne-prone/combo skin and it worried me that the oil might be too heavy for my skin and then, clog my pores. The good news is that it didn't do that! My skin rapidly absorbs the oil and it doesn't get greasy. I've used different kinds of oils but never have I come across one that sits perfectly on my face. I've been getting compliments on how much my skin is glowing. I've also noticed that my acne scars have been fading. No product I've used has done this so well. I definitely recommend this product because it did so much more than I originally bought it for. [Less](#)

SOPHISTICATED FORMULATION

The Art of Formulation

Our formula includes lower molecular weight ingredients that are absorbed quickly and allows La Coéss Face Oil to penetrate deeper into skin.

Then by adding ingredients with higher density compounds that are rich and lingered on surface of skin act as a penetration enhancer for better moisture retention and achieving a silky soft touch.

Finally, through a sophisticated and unique blending process with all these ingredients, we are able to create a powerful blend of full spectrum phytonutrients, with silky-smooth texture that glides on skin and immediately sinks in, deeply nourishes, protects, and rebalances skin without any irritation.

A Holistic Approach Unlocking The Radiance Within

Our journey began with searching the best group of phyto-nutrients that create a comprehensive solution through the effect of complementarity...
